

Avitus Group Referral Program

Rewarding the people
who reward us.

”

Your referral is one of the greatest compliments we can receive.
Our referral program is our way of saying thank you.

How Important Are Referrals to Us?

Very. For someone outside our company to refer us is a vote of confidence in our company. For an employee to refer another department is a vote of confidence in that department.

Referrals affirm our good work, and we don't take them lightly. Which is why we give back to the people who refer us.

How Easy Are Referrals?

Very. If someone mentions they are having IT problems, refer them. If someone mentions they are tired of doing payroll, refer them. If someone says they are struggling to recruit high-performing employees, refer them.

You will have to submit your referral, but it's straightforward. And in return, you will receive a cash reward. It's easy money.

How the Referral Process Works

Simply submit your referral to referral@avitusgroup.com. In your referral, just be sure:

1. You include the name and contact information of a decision-maker in the business you are referring.

2. That the decision-maker knows who you are (you won't get credit for the referral if they don't recognize your name).

Once we get your referral:

3. We will assess the referral and pass it on to our Business Development team. They will reach out to the decision-maker to discuss how Avitus Group can help simplify, strengthen and grow their business.

4. If your referral leads to new business, you will receive your cash award approximately 4 months after the first paid invoice.

* Some exclusions may apply.

Earn extra money
while helping
Avitus Group grow.
It's a win-win.

Submit a referral today!
