

# Avitus Group Payroll

## What's the first step in keeping your employees happy? Making sure they're paid correctly and on time.

Processing payroll is one of the back office tasks that can slow you down and pull you away from growing your business. We make it easy on you with secure, cloud-based payroll technology that practically runs itself.

 <b>99%</b> client retention rate	 Same-day ACH up to \$100,000 transactions available	 Dedicated client trainer at no extra cost
--	---	---

If you need a more robust payroll system, we can handle that, too. From preparing paychecks to managing all aspects of payroll compliance, you'll have everything you need—including a dedicated payroll expert who's always just a call or click away.

Take the hassle out of payroll with these payroll options:

### **ENTREPRENEUR LEVEL: Bridge the gap between hosted self-service and full managed payroll**

- Real-time payroll processing, with automated check calculation
- Payroll preview
- SSL communication encryption
- Complete disaster recovery systems in place

### **EXPERT & EXECUTIVE LEVELS: Customized, fully managed payroll processing**

- Web-based timekeeping
- Deduction/withholding calculations
- Paycheck preparation and distribution
- Benefit payment processing and reporting
- Payroll tax deposits
- Quarterly and annual tax returns
- Multi-state payroll

Choose the payroll processing solution that's right for you  
...and your business.
